SUMMARY

Software Engineering diploma student with hands-on experience in full-stack web development, IoT systems and relational databases. Led a team building a Flutter and Firebase pothole-mapping system using ESP32 and MQTT. Seeking a 4-month software engineering internship.

EDUCATION

German-Malaysian Institute | July 2024 - July 2027
Diploma in Software Engineering (Dean's List, semester 3 and 4)

SKILLS

Programming languages: Python, JavaScript, C, HTML, CSS, SQL, PHP
Databases: MySQL, Firebase
Frameworks and libraries: Laravel, Arduino framework, Flutter, Tailwind CSS
Tools & Platforms: Git, GitHub, VS Code, Arduino IDE
IoT & Embedded systems: ESP32, microcontrollers, sensor data integration, MQTT
Spoken languages: Bahasa Melayu, English, Arabic, French, German

PROJECTS

Smart Pothole Mapper (Final Year Project) | Flutter, Firebase, C, MQTT | Jan 2026 - Ongoing

- Built a Flutter GIS dashboard backed by Firebase that maps potholes and severity in real time.
- Streamed vibration and image data from ESP32 over MQTT to the cloud every 3 seconds.
- Programmed ESP32 firmware in C to detect potholes using instant shock spikes and suspension resonance analysis.
- Led a team of 4 students using weekly Agile sprints, GitHub branches and pull requests.

Facility Booking System Website | PHP, MySQL, HTML, CSS | Apr 2026 - May 2026

- Developed and presented a team-of-4 web app for reserving labs and classrooms across 2 technology complexes.
- Built the sign-in page with role-based access (student/admin), session management, and password hashing.
- Implemented CRUD for bookings, facilities, and users, plus search/filter and monthly reports.

Tech Bookstore Website | Laravel, Tailwind CSS | Sep 2026 - Oct 2026

- Built a Laravel web app to list, add, edit, and delete books and view each book's description.
- Styled an interface with Tailwind CSS v4.

RELEVANT COURSEWORK

Software Testing & Automation | Database Management System | Data Structure & Algorithm | Requirements Engineering | Web Programming | IoT Application & Software

CERTIFICATIONS

- Cisco Networking Academy: Introduction to IoT applications and software course (2026).
- Cisco Networking Academy: Network Fundamentals course (2025).
- Cisco Networking Academy: IT Essentials course (2024).

LEADERSHIP AND ACTIVITIES

Class Representative | Jan 2026 - Nov 2026

- Relayed institute announcements to 17 students and liaised with lecturers.
